THE SELECTMEN'S REPORT

During the past year, the Selectmen have spent a considerable amount of time in analyzing and assessing the Housing Developments in the town.

In the coming year the problem will demand even more time since this growth will affect the town, in many ways. We presently have one thousand acres under development. It is not unreasonable to forecast that in the next 5 to 7 years, Madison will have an influx of 1000 non-resident property owners.

We are concerned about the long-range effect of the growth upon the town, both from the standpoint of present and future owners of property in Madison.

It is understood that all developments are motivated by profit, and we have no quarrel with the profit system, since our society is founded on this concept. It should be pointed out that developers fall into two categories. Namely, Resident and Professional.

Resident must live with situations they create, whereas Professional, upon completion of selling a tract of land, move out of town to the next situation where profit is available.

It is necessary that the Selectmen be alert to see that the protection of drinking water and public waters is taken into account. If this is not handled properly, we may be faced with the problem of supplying adequate drinking water and sewerage systems, at considerable expense to the town.

We have found it necessary to hire the services of a part-time clerk, since the amount of paper work has increased to the point that we are not serving the town's best interest, in that our major function of assessing property is neglected. The expense of

clerical work will increase in ratio to the amount of paper work demanded by the state, and the growth of the town.

In conclusion, a new inventory control system must be adopted at minimum expense, to adequately handle the accounting procedure prescribed by law. The so-called (Blotter Book), although still required by law, is no longer adequate to meet present-day demands.

Respectfully Submitted,
 SAMUEL F. LYMAN

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Most of us who live in New Hampshire and the thousands of vacationists that visit us every year love the State for the variegated woodlands that encircle our clean lakes and clothe the hills and mountains. Most of us appreciate these values, but still there were enough careless people among us to cause over 880 grass and woodland fires to start in 1965. True this was a much dryer than normal year but this should have meant the use of extra care. Fortunately the fire fighting forces have held the line against such careless acts. It is up to each one of us to be ever mindful that a spark or flame is a potential fire.

WE MUST ALL BE CAREFUL:

1. To teach our children the danger in lighting matches.

2. To never discard lighted smoking material from a car or while walking through fields or woods.

3. To safely dispose of rubbish preferably at the town dump. If you must burn rubbish or brush:

(a) Always get a permit to burn from the warden.

(b) Start your fire late in the day after 5:00 PM.

(c) If burning a field or brush have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

Our carelessness with fire is costing our State and Towns thousands of wasted dollars in suppression

and hundreds of acres of destroyed woodlands. Yours never to enjoy.

**WARRANT
FOR ANNUAL MEETING
OF MADISON SCHOOL DISTRICT**

To the Inhabitants of the School District in the town of Madison qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 7th day of March 1966 at 8:00 p. m. to act upon the following subjects:

Article 1. To choose a Moderator for the coming year.

Article 2. To choose a Clark for the ensuing year.

Article 3. To choose a Member of the School Board for the ensuing three years.

Article 4. To choose a Treasurer for the ensuing year.

Article 5. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

Article 6. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.

Article 7. To see if the district will vote to send pupils of Grade 7 & 8 to Conway as tuition pupils.

Article 8. To see what sum of money the District will vote to raise and appropriate for the support of schools, for salaries for school district officials and agents and for the payment of the statutory obligations of the District.

Article 9. To see if the district will vote to accept the provisions of Public Law 89-10 designed to improve educational opportunities with particular reference to children of low income families and to appropriate such funds as may be made available under

said federal act, such particular projects as may be determined by the school board.

Further, to see if the district will authorize the school board to make application for such funds and to expend the same for such projects as it may designate; and further, to authorize the school board to take any cooperative action with other school districts as it may deem advisable for the aforesaid purposes.

Article 10. To see if the district will vote to purchase a new school bus, and to authorize the school board to use the \$2000.00 and accrued interest, now in the capital reserve fund, in part payment therefor.

Article 11. If the preceding article is voted, to see if the district will vote to authorize the school board to borrow on the credit of the district, a sum not to exceed \$3,500.00 through the issuance of serial notes or bonds therefor; to authorize the school board to determine the terms and conditions upon which such notes or bonds shall be issued, and the time and place of payment of principal and interest, in accordance with the provisions of the Municipal Finance Act. New Hampshire Revised Statutes, Chapter 33, and any amendments thereto.

Article 12. To transact any other business that may legally come before said meeting.

Given under our hands at said Madison this 14th day of February 1966.

ANNUAL REPORT OF SCHOOL NURSE

The Health Services for the children in Madison School for the school year of 1964-65 included vision testing, hearing testing, weighing and measuring for each pupil, individual health inspections and patch testing for tuberculosis.

Thirty-six pupils received dental examinations by a dentist the day they received their medical examinations at Memorial Hospital.

Ten children in grades one and two participated in the program offered for dental cleanings and Topical Fluoride

	Number of Defects found	Number of corrected or under treatment
Tonsils	3	2
Knocked knees	1	1
Malnutrition	1	1
Overweight	2	2
Glands	2	2
Albumun in urine	2	2
Vision	4	4
Hearing	2	2
Teeth	25	23

With the realization that primary responsibility for the health of children rests with the home it is gratifying to find the child's attitude toward health procedures acceptable as a part of growing up. Their regard for 'Their Doctor' as a good friend who tries to keep them well — the enthusiasm they show when they have received boosters for continued protection against Diphtheria, Tetanus, Small Pox, Polio and Measles is a credit to all concerned.

The dental problems continue to be the out-

standing defects found among school children. However it is encouraging to find the large percentage that have had timely dental care. Also the interest in proper nutrition as it effects the child, not only in regards to good teeth but also to optimum health and its relation to the learning process.

I wish to take this opportunity to express my appreciation to everyone who has helped to make this program possible.

Respectfully submitted,
REBECCA P. SANBORN, R. N.
